

**Product Name :**  
Coil winding machine

**Product Code :**  
NJC0093

**Description :**

Coil winding machine

**Technical Specification :**

Very ideal machine for repair shop and technical institute.

It can wind both single and three phase motor coils. With straight and step coils.

Useful for winding motors from 1/8 hp to 40 hp using five arbors.

- Used for many types of winding applications;

Motor repair

Large size coil winding

Ham radio coils

Tesla Coils

Speaker or electronic workshops

Inductors

Tattoo Machines

- Solid cast iron frame
- Mountable Base (mounts to tables, benches or other surfaces)
- Manual reset counter, reads up to 99999
- 2 gear ratios available for fast speed and low speed

Fast speed (1:8)

Low speed (1:1)

- The gear ratios can be changed from 1:1 to 1:8 by simply changing the fly wheels over
- Smaller fly wheel has a groove so that you may motorize it by adding a drive belt (motorized speed should be kept less than 1000 rpm)
- Winds coils up to 150 mm in diameter
- Coil length should not exceed 100 mm
