Product Name : Continuously Variable Transmission (CVT) Gearbox Cut-Away	Product Code: TechnicalLab0398
Description :	
Continuously Variable Transmission (CVT) Gearbox Cut-Away	
This product is a cut-away of a Continuously Variable Transmission Gearbox, that can continuously change through an infinite number of effective gear ratios between maximum and minimum values. There are two V-belt pulleys that are split perpendicular to their axes of rotation, with a V-belt running between them.	
This cut-away has been carefully sectioned for training purposes and professionally painted with different colors to better differentiate the various parts. Many parts have been chromium plated and galvanized for a longer life.	
SPECIFICATIONS:	
Electromagnetic clutch	
Forward and reverse insertion lever	
Primary pulley	
Secondary pulley	
• Roller belt	
• Final reduction unit	
Hydraulic command unit	
Mounted on stand with wheels	
Operated manually by hand crank
