| <p><small>We have in our store a wide and remarkable range of Float Steam Trap designed to experimental demands. The products we offer are manufactured using quality grade steel material. All our products are conditioned before supplying under the supervision of expert using latest technologies and tools which we get manufactured from our reliable vendors.</small></p> <p><small>Features:</small></p> <ul style="list-style-type: none"><li>● High durability</li><li>● High retention power</li><li>● Temperature resistant</li><li>● Easy installation</li><li>● Efficient and durable</li></ul> |                                   |

Specifications

- Flood resistant to Sepsinate water
- Designed for full efficiency
- Very long lasting
