

Product Name : Hydrostatic Bench	Product Code : NEGEMG119
--	------------------------------------

Description :

Hydrostatic Bench

Our team of qualified professionals who are experts in this field of work have enabled us to provide our clients with **FM-02 Hydrostatic Bench**.
The raw-material and components required for manufacturing the offered products are procured from the most trusted vendors in business. Apart from this, the offered product is made as per the set industrial norms and guidelines.

Features:

- Efficiently

-

High durability

-

Reliable

-

Strongly built

-

Less maintenance

-

Smooth functionality

The offered product includes the following components:

-

Hygrometer

-

Air Pump

-

Apparatus to study Archimedes Principle

-

Pascal's Apparatus

-

Dead Weight Pressure Gauge Tester

-

Center of Pressure Apparatus

-

Set of Laboratory Glassware

-

Weighing Balance

-

Barometer

-

Pressure Gauge

-

Manometers

-

Viscometer

-

Hydrometer

-

Specific Gravity Bottle

Experimental Capabilities:

-

Concept of Pressure Measurement

-

Concept of Viscosity Measurement

-

Study Archimedes Principle

-

Study of Pascal's Law

-

Calibration of Pressure Gauge using Dead Weight Pressure Gauge Tester

-

Determination of Center Pressure acting on submerged bodies
