|---------------------------------------------------------------------------------------------------------|----------------------------------------------|
| <b>Product Name :</b><br>Lincomycin Hydrochloride                                                       | <b>Product Code :</b><br>NECHEMICAL-L5004017 |
|                                                                                                         |                                              |
| <b>Description :</b>                                                                                    |                                              |
| Lincomycin Hydrochloride                                                                                |                                              |
| <b>Technical Specification :</b>                                                                        |                                              |
| Grade: Laboratory Reagent (LR)                                                                          |                                              |
| Molecular Formula: C <sub>18</sub> H <sub>34</sub> N <sub>2</sub> O <sub>6</sub> S.HCl.H <sub>2</sub> O |                                              |
| Molecular Weight: 461.01 g/mol                                                                          |                                              |
| Packings: Mill.Unit                                                                                     |                                              |
| Appearance Form: Solid                                                                                  |                                              |
| Melting Point: 145 - 147 °C                                                                             |                                              |
| Water Solubility: Slightly Soluble                                                                      |                                              |
