

Product Name :

Model of Locomotive Boiler - Heat Transfer Training Systems and Heat Lab Engine Trainers for engineering schools

Product Code :

NEMHTM04

Description :

Model of Locomotive Boiler, technical teaching equipment for engineering - Heat Transfer Training Systems and Heat Lab Engine Trainers

Technical Specification :

especially designed to understand the working of a locomotive steam boiler. The steel sheet is of about 20 cm. dia and 60 cm. in length. The fire box is provided with a door and grate. The disassembled barrel shows its inside view. Hot gases after pass through the fire tubes enter the smoke box with a door, nozzle and the blast pipe. The model is approximately 100 cm. in length, 45cm. high and 25 cm. in breadth and is complete with whistle, steam dome, safety valve, check valve, steam regulator water and steam gauges.
