

Product Name :
Sectioned Front Wheel Drive Unit Trainerfor engineering schools

Product Code :
AUTO-EN027

Description :

Sectioned Front Wheel Drive Unit Trainer, technical teaching equipment for engineering

These units are made from original complete front ends of small passenger cars with front wheel drive, and feature a steel frame to which the major suspension, steering and drive components are attached in their original positions. The frame is mounted on a wheeled base for mobility. The steering system is operable and comes with the steering wheel, gear box and all control linkages
