

Product Name :

Turbojet Turbine Engine Model, High and Low Pressure Compressor

Product Code :

TechnicalLab0497

Description :

Turbojet Turbine Engine Model, High and Low Pressure Compressor

This super model of a modern two-wave turbine shows in detail the construction and operation of a turbo jet engine. The section cut housing allows for a clear view of the low-pressure and high-pressure compressor, low-pressure and high-pressure turbine, combustion chambers with the injection nozzles, and starting plugs. The turbines can be set in motion with the built-in electric motor.
