

Product Name :

Turbojet Turbine Engine Model, High Pressure Compressor

Product Code :

TechnicalLab0498

Description :

Turbojet Turbine Engine Model, High Pressure Compressor

This super model of a modern two-wave turbine shows in detail the construction and the operating system of this type of jet engine. The section cut housing allows for a clear view of the high-pressure compressor, high-pressure turbine, combustion chambers with the injection nozzles, and starting plugs. The turbines can be set in motion with the built-in electric motor.
